## Service Agreement for Compressed Air Systems

---

C&B Equipment is pleased to present to you the following service agreement proposal. Because every customer's needs are different, we will custom tailor an agreement that fits exactly to your needs. We will perform as little or as much service as you require on any type of industrial air compressor.

---

### Services Performed:

Inspection of your compressed air system. We will make note of the following conditions if applicable:

1. Overall appearance (cleanliness) of the unit.
2. Temperatures
3. Pressures
4. Voltage
5. Amps
6. Oil Level
7. Vibration
8. Belt Tension and Condition.
9. Check moisture drains for proper operation.
10. Check coolers for dirt accumulation.
11. Controller Settings
12. Check for proper loading, unloading and modulation.
13. Check for oil and air leaks.
14. Operational check of your compressed air dryer.
15. Free Lubricant Analysis on every visit.

### Hassle Free Service

To arrange your maintenance intervals, please fill out the form on the back of this page or call **Nick at 316-765-2841**. If you would like a collateral kit that makes our service team easy to reach, please request upon your call.

(Collateral kit includes magnet, wallet card, and stickers)

Maintenance will be performed at the proper intervals as outlined in the operator's manual for the compressor. These items will include changing the filters and lubricant, greasing the motor, cleaning the coolers and adjusting belt tension if applicable. Here are the typical intervals we see for these services.

1. Air Filter – Check every 1000 hours and change as necessary.
  2. Oil Filter – Change every 1000 hours.
  3. Separator Element – Change out every time the lubricant is changed.
  4. Lubricant – Change every 4000 or 8000 hours (depending on type) or as needed.
  5. Motor Bearing Grease – Every 2000 hours.
- 

### Trouble Free Compressed Air:

Proper maintenance and routine inspections should reduce the number of times your compressed air system breaks down. Our goal is to find problems and fix them before they become emergencies.

You will receive a discount off our normal posted labor rate of \$90/hour. You will be billed at a rate of \$80/hour during normal business hours. Overtime will be billed at time and a half if services need to be performed outside of the normal business hours. This labor rate applies even to emergency services.

---

## Preventative Maintenance Agreement Date:

---

Lubrication, adjustment and inspection will be performed on the attached checklist and will include changing oil elements as required and air elements as necessary, and changing oil and oil separators at required intervals or sooner if necessary.

### A. EQUIPMENT LIST

The equipment to be serviced is listed under this agreement below. (Additions and deletions as required)

TYPE OF UNIT	MODEL	SERIAL NUMBER
HP		

---

---

---

### B. MAINTENANCE SERVICE

These services will be invoiced at \$80.00 per hour portal to portal plus \$1.00 per mile when travel outside of the Wichita areas is required. Labor and parts necessary to perform these services will be billed at prevailing prices. Additional maintenance service will be performed only upon authorization.

### C. CONDITION

1. Machine must be promptly available upon arrival at the location by the service technician. Unless otherwise noted, service must only be performed during regular working hours: Monday through Friday, 7 AM - 4 PM (holidays excepted).
2. This agreement does not guarantee the customer a supply of compressed air nor does it in any way change the customer's full responsibility for proper maintenance. C & B Equipment shall not be liable for loss, damage, or delay due to equipment failure and in no event will C & B Equipment be liable for consequential damages.
3. Either party upon notice in writing may cancel this agreement.
4. Terms: Net 15 days.
